

Brains Consulting is recruiting:

Android Developer - Map Specialist - Remote

Remote 100%

San Francisco - based startup

android developers

Would you like to join the most innovative video, high tech team and work with guys who invented *Stories* as we know them today in Instagram or Facebook?

Now, they are expanding their web development team, we are helping the CTO to hire the right people on the board.

Most of the team members are open source contributors, so a very large bunch of senior software developers.

www.brainsconsulting.ro

The Company offers a great salary and also stock option plan.

Job Description:

The company (is based in San Francisco and has developers all over the world. The team is made of very strong engineers who are major contributors to open source and they are looking for similarly minded people to work with them. The company is growing rapidly, expanding and building the most cutting-edge innovations in mobile video.

As a Senior Android Developer, you will:

Implement Map functionality in the apps and SDKs.

Design, implement and architect the functionality of our mobile SDK.

Collaborate with the teams to create a high performance and robust video product.

Optimize the SDK on the Android platforms.

Deliver high quality work on schedule.

Requirements

Extensive experience building stuff on top of and with Maps: using MapBox and/or Google Maps API (really understands it and have lots of experience implementing it)

4+ of full-time native Android development experience

Good understanding of Fullstack development (backend software development, capabilities and limitations of mobile platforms)

Proficiency in Java and Kotlin

Passion for building great mobile experiences and solving hard performance challenges

Work on the US or EU timezone

Full-time, permanent employment

BS/MS degree in Computer Science or equivalent majors

Selection process:

A strong GitHub profile is a huge advantage and will accelerate the process.
Otherwise, we'll kindly ask you to go through a technical assessment (1-2 hours).
After the assessment, the team and the CTO will interview you and decide quickly.

Benefits

This May Be The Best Job Opportunity You've Seen In The Last 12 Months!

San Francisco-based startup

100% remote job

Innovative high-tech company

Small team (10+ full-time devs)

Strong team of open-source contributors

Great cash + Valuable stock

Salary – 7000 \$ / month
