

Junior Web Designer – UX/UI

Junior Web Designer UX/UI - Global Social Publisher - London - £35,000

This Award-Winning Global Social Publisher based in Central London and are looking for an excellent Junior Designer to join the team to revamp the website delivering astounding mobile and desktop experiences for their readers.

You will be developing the overall UI/UX and look-and-feel strategy of the website while working cross-functionally with responsibility for design and usability of the web platform. You will create mock-up pages of the websites (mobile, desktop, app) by using Photoshop (Sketch or Illustrator), add value in the creative process and discuss the result with the product team.

You must come from a Publishing background and have 1-3 years proven experience as a Web Designer and thorough knowledge of UX/UI with a

strong portfolio and expertise on social web platforms.

If you are passionate for the digital design industry and have strong entrepreneurial spirit with a willingness to make a difference in the building up-process of a new success story then get in touch!
