

# Anaesthesiology

## Emergency Clinic

Oskarshamn, Kalmar county  
Gävle / SWEDEN

### **Training requirements**

Specialist in Anaesthesia and Intensive Care

### **Experience required**

Minimum of three years of post-specialization experience, if possible.

### **Preparedness and on-call duties**

Preparedness A.: 30 minutes reporting time after office hours, which allows home preparedness if you can get to the hospital in 30 minutes from the place of your stay.

### **Other requirements**

Ability for cooperation

Flexibility

Have a good treatment to patients, relatives and colleagues.

Interest and personality of candidate has to be fit for the clinic and the city. If he/she has a family, so it is very important that the whole family can imagine to be integrated in Kalmar. From that reason it is very important what sort of profession the partner has and what plans the children has for the future.

It is important that the candidate has thought through moving to Sweden thoroughly before going to study-tour in Kalmar.

Personal particulars are very important.

### **Description of the current clinic / health centre**

Oskarshamn Hospital is a small hospital in a small and beautiful seaside-town with a population of 26.440. It is a hospital with fast decision-making and close contacts between the units. Our employees' continuous development work makes that we achieve good results in several national measurements, among other things, we have been designated as "Sweden's best smaller hospitals" several times in recent years. The hospital is located near to Oskarshamn's center and archipelago.

There work in the hospital approximately 450 employees, and the activity of hospital consists of emergency reception, somatic in-patient care with emphasis on internal medicine as well as specialist receptions in the most common specialties.

At the Emergency Clinic, there work about 130 employees, and it consists of emergency reception, intensive care department, operation unit and sterile technological unit.

At the clinic there work today four anaesthetists. During daytime on working days there work two doctors on the operating unit and a doctor at the intensive care department. During other times there is a doctor in emergency preparedness.

At the operating unit we conduct elective activities, mainly with a focus on orthopaedics, surgery and urology. Our operation department was launched in autumn 2011. We have five operating and three endoscopy rooms, all equipped with state-of-the-art technology.

The Intensive care department has four (five physical) care places, two of which are dedicated and equipped for intensive care. The other two are for cardiac intensive care and surveillance, the patients are being treated by the doctors of Medical Clinic.

### **Number of employees and occupation category**

Approximately 130 employees: doctors, intensive care nurses, anaesthesia nurses, operating nurses, sterile

technician, medical secretaries and sub-nurses.

### **Salary**

Salaries will be allocated individually considered the education, experience and abilities of the candidates.

The frames are the followings: for specialist doctors with at least 5-10 years of experience the salary will be

around gross 70 000 Swedish kronor, specialist doctors below five years specialist experience between 60 and 70 000 Swedish kronor.

### **Services offered by the employer and Partners**

- During the personal visit which is part of the interview process, the cost of travel and accommodation is financed
- 6 months long, free Swedish course, financial support during the course (the amount is topic of negotiation)
- Possibility of free language education for family members – depends on individual agreement
- Informal help during the application for Swedish license to practice, supervision of the process
- 2 days long free Swedish legal and social training
