

# Urology Specialist Doctor

SWEDEN

## Urology in Gävle city in Gävleborg county

### Description of the work at the actual clinic

We are looking for a specialist in Urology (with EU-rights) who performs the most common operations (see below) within the urological speciality independently.

Gävle Surgery Clinic has 62 care places and runs surgical activities in Gastro-Surgery, Endocrine Breast, Urology, Vessel and Plastic Surgery. The area of surgical operations in Region Gävleborg is 285 452 (2017) divided into 2 hospitals (Gävle, Hudiksvall) belonging to the same surgery clinic where Gävle is approximately twice as large.

The urological work involves: round work at the department, medical referral management, reception activity, teaching of trainee doctors in urology.

Operations: TUMT, TUR-P TUR-B, endoluminal intervention for ex. stone extractions, nephrectomies. (Prostatectomies, cystectomies are done at other hospitals due to national level structure).

Urological on-call duties are handled by primary care in surgery, alternatively stand-by duty in surgery. Urology specialist is involved mainly in daytime in emergency cases, there is no on-call line for the urologist. Sometimes it is up to date to "help" during weekends, which is then compensated economically.

### **Number of employees (trainees, specialists, nurses and other staff)**

In the urology section, 1 head-doctor and 3 trainee doctors in urology are permanent employees (two of them is going to become specialists in 2019).

Several rented urologists are employed for the reception activity.

**Plans for the future**, for example (if the business will develop in any particular direction, organizational changes)

The procurement of a robot will take place next year

**Clinical experience** (what kind of treatments / patients the candidate has to have experience with)

See above, minimum of 5 years experience as a specialist is preferred. (Less experience will be also considered.)

**Special knowledges and skills** or special interests that are important to the service

Swedish on C1-level is of course an obligatory criterion for the candidate before starting the employment, however, the partner will also have to reach B2-level in Swedish by that time.

### **Important personal characteristics**

Easy to collaborate, supervise, responsible, motivated in developing of activity, good handling of patient, careful surgeon.

### **On-call duty**

On-call duty only in surgery.

Two primary on-call lines and an background on-call.

Urologists do not have their own on-call lines but can be enrolled as needed and compensated by special agreement.

### **Salary**

Employed initially as a doctor assistant until he / she has reached level C1 in Swedish and received Swedish legitimation. The salary is then 41,000 SEK.

Salary as a finished specialist: 62,000 SEK.

### **Services offered by the Employer and psrtners:**

- During the personal visit which is part of the interview process, the cost of travel and

accommodation is financed

- 6 months long, free Swedish course, financial support during the course (the amount is topic of negotiation)
- Informal help during the application for Swedish license to practice, supervision of the proces
- 2 days long free Swedish legal and social training

Integration assistance (assistance in registering at tax authority, opening bank account, etc.)

- Assistance in the organization of moving and in apartment-seeking

### **Documents required for application:**

- Detailed, professional English CV
- scanned version of license to practice in home country with English translation (no official needed)
- scanned version of medical and specialist certificates with English translation (no official needed)
- two English-speaking reference persons who can be reached by phone

**Don't forget to tell your colleagues about this professional opportunity!**
