

Obstetrics and Gynaecology Specialist

**in Women's Clinic/ Highland Hospital
(Höglandsjukhuset), Eksjö
SWEDEN**

Requirements for education

Specialist exam in Obstetrics and Gynaecology from within the EU.

Required experience

The work requires medical expertise throughout the whole gynaecological field and obstetrics. The activities the clinic handles are: general gynaecology, infertility, urological gynaecology, dysplasia, oncology, ultrasound, female health / youth reception, obstetrics and specialist care of mothers.

Skills and abilities required for the position

We give you the opportunity to work independently within the subject areas, while you can develop work areas on your own and you can participate in process work. As a specialist doctor in Obstetrics and Gynaecology at the Women's Clinic you will be able to work with various tasks. We work a lot in teams and attach high importance to the improvement of work. In the role of a specialist doctor, you cooperate with other clinics in the region and the Women's Clinic in Linköping. On-call duty is included.

Personal qualities required for the position

You enjoy working in team. You are calm and stable with the ability to make correct balances and priorities even in stressful or pressing situations. As a working day is never the same, we see that you are comfortable in rapidly changing circumstances and have the ability to plan and structure your work while taking into account the best interests of the activity.

On-call duty

The service includes on-call activities. There are two on-call lines. A doctor is on call at the hospital. A head doctor has preparedness at home in evenings, at nights and weekends.

Further requirements

Driving license of B-category.

It also includes supervision of both colleagues, medical students and rotating district doctors.

Salary for staff with Swedish legitimation

You will start by being employed as a doctor's assistant with a salary of **45,000 kr / month** with a general fixed-term employment contract for a six months' period while the language develops and the introduction takes place in the workplace.

When Swedish legitimation and licence to practice as a specialist in Sweden has been issued by the Socialstyrelsen (National Board of Health), the employment will be changed to permanent and new salary will be paid as specialist doctor in accordance with the agreement. In Sweden a Obstetrics and Gynaecology – Jönköping new specialist doctor who can work independently earns minimum **60-70 000 SEK/month**, to be raised further according to experience and abilities.

Planned date of employment

According to common agreement.

Description of the goal of activity

The Women's Clinic is located at the Höglandssjukhuset Eksjö, which is located in the eastern part of Jönköping County, six kilometres East of Jönköping. We have reception, childbirth, maternity ward and gynaecological department. The Women's Clinic includes the women's health care that has receptions in Aneby, Eksjö, Nässjö, Sävsjö, Tranås and Vetlanda.

Organizationally, the Women's Clinic belongs to the activity area of surgical care in the County of Jönköping.

The goal of the business is to offer the woman and her partner the best possible care for pregnancy, childbirth and gynaecological disease and promote sexual health.

Description of the clinic

We offer good, safe and accessible care with high medical competence, both in the preventive women's health care and in pregnancy, childbirth, gynaecological disease and the reproductive health of young people.

The Women's Clinic at Höglandssjukhuset Eksjö has emergency services with childbirth 24 hours a day. Every year, we welcome about 1,250 children to the world.
