

Nurses in Sweden

Medicine Clinic at Vrinnevi Hospital in Norrköping

Requirements for education

Legitimated nurse. Further education in kidney or pulmonary diseases or stroke / neurology would be an asset.

Job description

Legitimated nurse for inpatient care

Required experience

Min. 1-2 years of experience in in-and outpatient care to be able to work as an independent nurse.

Competencies and skills required for the position

Stable and confident in the role of nurse. Nursing skills from work in emergency care and medical specialties, if possible.

Personal qualities required for the position

Good ability to work in cross-professional teams. Good and friendly attitude, being humble in the tasks, not led by appearances. Good ability to prioritize, plan and organize tasks.

On-call duty

The job includes both day, evening and night duties.

Other requirements

Experience in supervising students during their education would be an asset.

Salary for staff with Swedish legitimation

Salary range at the clinic today is between **SEK 25.800-38.000**. SEK 25,800 for an educated nurse with less than one year's experience. Nurses with more than one year's experience are paid based on their experience and the clinic's salary range. In addition to the basic salary, OB (inconvenient working hours) is added, which at around the clock 24/7 is at approximately SEK 2,500 / month (gross). Wellness allowance is SEK 2000 / year.

Planned date of employment

As soon as possible.

Description of the clinic

The Medicine Clinic at the Vrinnevi Hospital in Norrköping is a specialist clinic that investigates and treats blood diseases, diabetes, endocrine diseases, kidney diseases, gastrointestinal diseases, neurological diseases, stroke and lung diseases. The clinic conducts good and efficient care in collaboration with care neighbours. Participating patients, respect for the individual's integrity and high patient safety are important parts of the business. The clinic has two care units, several specialist receptions and one unit for dialysis. The clinic is now actively working ahead of Vision 2020, which includes reconstructed and expanded premises that will provide a great amount of room for active modification work and gives an increased patient safety.
