

Asistenti medicali

In sectia ATI

Olanda

Anesthesia Nurse for a hospital in the south of the Netherlands The Netherlands

The patients are in excellent hands with you. You will work under the final responsibility of the anesthesiologist at our operating theater complex with 9 operating rooms.

You guide the patient before, during and after the operation. You work together with a close team of specialists. You work independently because the anesthesiologist is available remotely during the operating theater. Because there are many different specialisms and personal contribution is highly appreciated, you take chances so that your work remains fascinating and varied.
