

RADIOLOGY Specialist Doctor

SWEDEN

University Hospital, Radiology, Göteborg

Requirements for education

Specialist doctor in Radiology from within the EU.

Job description

An University Hospital is looking for specialist doctors in radiology and mammography. Interest in research and education is an advantage. You will work in a team with doctor colleagues, X-ray nurses, assistant nurses and administrative staff. Great emphasis is placed on performing and developing the work on a scientific basis, in close collaboration with other clinical disciplines. Research and education at basic and specialist levels are conducted in close collaboration with The Hospital' Academy.

Description of the activity

The business area of Radiology at the University Hospital is a certified center for specialist education and the only one in the Nordic region which has subspecialization education, according to ETAP 2.0. Radiology is located on three different hospital sites and is part of a common area of activity with developed collaboration. Radiology at the Hospital is divided into different sections with organ focus, in addition to these there is a special unit for Mammography.

Salary

Once one has reached B2-level, they move to Gothenburg and start a trial period as an assistant doctor with 50% language training and 50% clinical introduction until C1-level is reached and legitimation is obtained. Salary during this time is SEK 46,000 / month (approx 4600 eur).. After the probation period it will raise continuously up to 60-70.000 SEK or even more.

Further information will be shared at the interview.
