Health Centre in Southern Part of **SWEDEN**

Job description

We are looking for someone who wants to work as a General Specialist in a well-functioning, competent team at a Health Centre in the Southern part of Sweden.. The team consists of specialists, ST and AT doctors (trainees), nurses, district nurses, curators and secretaries. Access is available to occupational therapist and physiotherapist.

As a doctor at the Centre, your work is varied, with a great opportunity to control your work assignments yourself. They have several driven trainee doctors so if you are interested in supervision, there is the possibility for it. We are engaged in development work and we would be happy to see that you want to participate actively in it. We offer you a well-functioning workplace with great well-being and high competence in all professions.

Requirements for education

Specialist exam in family medicine/general medicine from within the EU.

Required experience:

We are looking for a specialist in family / general medicine with at least five years of experience as a specialist.

If you have previously worked internationally and have already started to study Swedish, it's an advantage.

Other requirements

As a person, you should like to work in a team and have the ability to work with colleagues as well as actors outside your own activities.

It is an advantage if you are interested in development.

Great emphasis is placed on personal suitability.

The Health Centre is a well-functioning workplace with high quality and accessibility with employees who thrive and stay. Teamwork is very strong and the community is large, both on and off the job. We have two specialists in General Medicine, of which 1 senior - both very competent and well-liked. We also have specialist doctors in Paediatrics and specialist doctors in Geriatrics. We are a nice workplace and we are all proud of the work we do every day.
