

# Senior Frontend JavaScript Web SDK

**Remote 100%**

San Francisco - based startup

Would you like to join the most innovative video, high tech team and work with guys who invented *Stories* as we know them today in Instagram or Facebook?

Now, they are expanding their web development team, we are helping the CTO to hire the right people on the board.

Most of the team members are open source contributors, so a very large bunch of senior software developers.

The Company offers a great salary and also stock option plan.

## Frontend JavaScript Web SDK - Remote

- Design, implement and architect the functionality of our web SDK.
- You will focus on Video on Mobile streaming . Video is skyrocketing for the last few years.

- Collaborate with the team to create a high performance and robust video product.
